

Complaints and Dispute Resolution

Introduction

Swisdex is committed to providing fair, transparent, and professional services to all clients, partners, and Introducing Brokers (IBs). If you are dissatisfied with any aspect of our services, we encourage you to submit a complaint through our official support channels so that it can be reviewed and resolved promptly.

For your security, never share account passwords, one-time passwords (OTPs), payment card details, wallet private keys, or identity verification documents through unofficial websites, social media messages, or third parties claiming to represent Swisdex.

How to Submit a Complaint

Complaints may be submitted through any of the following official channels:

****Email:**** support@swisdex.com

****Subject Line:**** Complaint

To help us investigate your case efficiently, please provide the following information:

- * Full registered name
- * Registered email address
- * Trading Account ID
- * Support Ticket Number (if applicable)
- * Detailed description of the issue
- * Relevant screenshots, transaction records, or supporting documents
- * Date and time of the event or transaction
- * Any previous correspondence related to the matter

Incomplete complaints may require additional information before the review process can begin.

Complaint Review Process

All complaints submitted through official channels will follow the process below:

Step 1 – Complaint Submission

The complaint is received by the Swisdex Support Team.

Step 2 – Acknowledgement

The client receives confirmation that the complaint has been received and assigned for review.

Step 3 – Investigation

The relevant support, operations, finance, compliance, or technical departments investigate the matter.

Step 4 – Resolution Review

The findings are reviewed and an appropriate resolution is determined.

Step 5 – Response to Client

The outcome and any corrective actions are communicated to the client.

Step 6 – Escalation (If Required)

If the client remains dissatisfied, the complaint may be escalated to senior management, compliance, or operations for further review.

Response Timelines

Swisdex aims to handle all complaints as efficiently as possible.

Complaint Stage	Target Timeline	
Complaint Acknowledgement	Within 24 Business Hours	
Initial Review	Within 3 Business Days	
Escalated Review	Within 7 Business Days	
Final Response	Within 14 Business Days	

Complex cases involving payment providers, banking institutions, blockchain transactions, liquidity providers, or regulatory reviews may require additional time.

Account Privacy and Confidentiality

To protect client privacy and account security, Swisdex does not disclose account-specific information through public forums, social media platforms, review websites, or unauthorized communication channels.

All account-related discussions must take place through verified Swisdex support channels.

Public Reviews and Online Complaints

If a complaint is posted publicly on review platforms, social media, forums, or community channels, Swisdex may request the client's registered email address, account number, or support ticket number through official support channels to investigate the matter securely.

For privacy and compliance reasons, account details will not be discussed publicly.

Escalation Procedure

If a client believes that a complaint has not been resolved satisfactorily, the matter may be escalated for additional review.

Escalated complaints may be reviewed by:

- * Senior Support Management
- * Operations Department
- * Compliance Department
- * Risk Management Team

The escalated review will include a reassessment of all available records, communications, and supporting documentation.

Fraudulent or Abusive Complaints

Swisdex reserves the right to reject complaints that:

- * Contain false or misleading information
- * Include abusive, threatening, or offensive language
- * Are submitted for fraudulent purposes
- * Relate to violations of Swisdex Terms & Conditions

Any attempt to manipulate the complaint process may result in account restrictions or further action where permitted by law.

Risk Warning

Trading Forex, Commodities, Indices, Cryptocurrencies, CFDs, and other leveraged financial products involves substantial risk and may not be suitable for all investors.

Clients should carefully assess their financial situation and fully understand the risks involved before engaging in trading activities. Past performance does not guarantee future results, and losses may exceed initial deposits where applicable.
